Bio

Jane Bowen has exhibited extensively throughout Ontario. In 2022 she participated in her first international art residency & exhibition in Buenos Aires, Argentina. In 2021 Jane installed her first public art commission, located in the City of Brantford's newly renovated City Hall.

While assemblage has been a consistent area of her focus, her exhibited bodies of work demonstrate her experience in a range of mediums including encaustic, sculpture, and various painting media. Primarily self taught, her evolving artwork draws on her surroundings and daily life, evoking thoughtful contemplation.
